

W.T. WOODSON **STUDENT SERVICES**

Supporting students with compassion

FOCUSING ON WELLNESS

Maintaining a program which meets students needs

Our Student Services team continues to focus on meeting students' needs with an emphasis on wellness and balance. Connecting students and families to resources through Woodson Wellness and virtual 504 meetings, counselors understand the need for convenience and effective solution-seeking responsive services. We deliver Social/Emotional (SEL) lessons, Multi-tiered Systems of Support (MTSS) interventions, before-school college planning assistance (Senior Support) in order to meet students' needs. Targeted interventions like a Stress Management group and classroom lessons are critical components to academic, post-secondary, and personal development & planning.

Priority: guiding students toward success

NEXT STEPS

11th grade SOS;
Continued support of
fragile students

64.2% of WTW seniors have applied to college by 11/1

2022-23 SY Goal

By June 2023, 90% of targeted students with a D or F in math as of Oct 2022 will increase their final grade by one letter grade

MEETING STUDENT NEEDS

needs assessment results, supports & next steps

Needs Assessment results:
 out of 1282 total responses:
 Grade 9: 55.8% Grade 10: 48.1%
 Grade 11: 54.9% Grade 12: 49.1%

Majority of responses indicated a need to improve study skills, followed by a need to reduce test anxiety. 44.6% of students indicated feeling stressed.

WOODSON WELLNESS offers students coping skills and wellness links to use at any time
